

Check following points before selecting any Institute

1. Approval of institute by **All India Council for Technical Education(AICTE)**
2. Affiliation to recognized University (CSVTU) in Chhattisgarh.
3. Head of the Institution & Faculties
 - Qualification of Director/Principal
 - Academic Experience
 - Administrative Experience
 - Industrial Exposure
 - Research & Development
4. Vision of the Management
 - Check if the Institute is running for the sole purpose of Business/earning money or for achieving Academic Excellence.
5. Corporate Social Responsibility(CSR)
 - Apart from academic activities, the institute should involve in some type of social work for the betterment of society, so that a student can learn his civic sense and social responsibilities.
6. Discipline
 - A well disciplined student can excel in his life and can face any problems.
 - The institute should follow strict discipline policy so that in a long run it will be beneficial for the students.
7. Branches available
8. Location of Institute (Campus & Hostel)
9. Facilities Provided: hostel, transport, canteen, laboratory, workshops, library, computers, internet, sports etc...

10. Training & Placements

- If someone is promising for 100% placement then think twice before taking admissions.
- Placement should not mean that the institutions are providing you jobs at the campus, It should be such that you get the best academics so you can get better jobs when you face open competitions.

11. Ethical Values

- Ensure that the institute is not involved in any mal practices.
- Ensure that the institute is not involved in mass cheating, as some institutions earn a bad name in this field.
- Ensure that the institute is giving due respects to its faculties/staff.

12. Industry – Institute interaction

13. Extra Curricular Activities

14. Academic Environment

15. Research & Developmental activities

16. Skill development programmes

Please Visit The Institute Campus & Meet The Director/Principal & Faculty Member Before Selecting an Institute.
